## Giving Campaign

**Pataskala Public Library** began planning for a building expansion in 2019 because we felt that the library had maximized the services in our current facility that last expanded in 1987. A lot has changed since 2019. The community passed our levy in November of 2021, which included renewal of our .50 mill levy and an additional .50 mill. The library issued certificates of participation, and entered into a lease-purchase agreement to finance the building project in March of 2022. The expanded library will have a large meeting room, quiet reading room, story time room, three study rooms, new furniture, and much more! Unfortunately, the library has made reductions to the project due to inflationary factors over the past year. We are asking for your help! Our gift campaign funds will be used to protect the library project against inflationary factors during construction, and to help expediate the payment of our debt. Thank you for your consideration, and please contact me if you have any questions.

**Description: A new building addition and complete renovation which will grow the building from its current 9,000 sq. ft. to 15,500 sq. ft.**

**Cost: \$6,000,000**

**YOUR library is growing!  
Our expansion project will be complete in 2024.**

**THANK YOU for your support as our library and community grow together**
